## CORE CAPABILITIES

Production-grade engineering for U.S. public-sector clients

### 1 Mobile App Development

Native iOS & Android and cross-platform apps (React Native, Flutter). Citizen-facing portals, transit, DMV, parks, emergency notifications.  
iOS+Android   React Native   Flutter   WCAG 2.2 AA

### 2 Web & Portal Development

React, Node.js and Next.js web portals. WCAG 2.2 AA government websites.  
Full-stack e-commerce and custom storefronts.  
React/Next.js   Node.js   WCAG 2.2 AA   CMS

### 03 UI/UX Design

Human-centered design for government portals. Accessible wireframing, prototyping and WCAG-compliant design systems.  
Figma   Prototyping   Design Systems   Accessibility

### 04 Cloud & DevOps

AWS and Azure cloud migrations. Scalable microservices, CI/CD pipelines and NIST 800-53-aligned architectures.  
AWS   Azure   Docker   CI/CD   NIST 800-53

### 05 AI & Automation

AI integration and RPA for government operations. LLM chatbots, document processing and analytics dashboards.  
OpenAI API   LLM Integration   RPA   Automation

### 06 Custom Software & APIs

Bespoke enterprise software, REST/GraphQL APIs, legacy modernization and ERP connectors across multiple sectors.  
REST/GraphQL   Legacy Migration   ERP Integration   HIPAA Aware

## PAST PERFORMANCE

#### EDU · CANADA

##### Non-Profit Mobile App

iOS & Android app for Canada's largest settlement & employment services provider. 50,000+ users.  
React Native   iOS+Android

#### HEALTH · USA

##### Healthcare Platform

HIPAA-aware patient engagement app. 25,000+ patients onboarded. 4.7 App Store rating at launch.  
HIPAA Aware   Node.js   AWS

#### SCOUTS · USA

##### BSA Mapper Tool

Custom geospatial mapping tool for BSA-affiliated photography platform with real-time GIS.  
GIS   React   Maps API

#### E-COMMERCE

##### Multi-Vendor Marketplace

Scalable custom marketplace. 5,000+ monthly transactions. GDPR compliant. 200+ active vendors.  
Stripe   Next.js   GDPR
